

America Welcomes Pres. Abboud of Sudan 10/4-15/61

USIS

16mm, color, sof, 1035', "a" wind

Good pix.

Abboud's visit to the US included stops in Washington, Los Angeles, Chicago and New York. There is only a small amount of JFK footage in this film but these shots seem a little better than those usually in the USIS films.

Shot List

- 0- #3
- 2'- Credits
